

Blondie Brownies

Ingredients:

- 1 box Pillsbury Yellow Cake Mix
- 1 cup chunky peanut butter
- 1/2 stick softened butter
- 1/3 cup water
- 2 eggs
- 12 oz. semi-sweet chocolate chips

Steps:

1. Mix above with electric mixer, it will be thick and sticky
2. Add the chocolate chips, sort of stir in.
3. Spread batter on large baking dish
4. Bake at 375 F for 20 minutes.

Note: Should be lightly brown on top, sometimes you have to fuss and go a few more minutes, maybe 22 but never more than 24. They get too "cake like" when overcooked.

Tip: I let them cool and then cut them up and put in the freezer. They keep their shape when frozen and also it's my husband's (and others) favorite way to eat them, frozen that is. You don't have to do this ...totally optional. Others eat them almost right out of the oven.
